HOBBIES

Urbex: Cultivating curiosity about my environment through the Urban Exploration and travelling is as important to me as developing my artistic practices.

Origami: Member of the association «AFPP» I share with others my passion of paper folding.

«Hacking»: Assiduous presence at the Electrolab, a hackerspace.

I also frequent cultural venues: La Gaité Lyrique, other fablabs.

I am also interested in bodyhacking or transhumanism.

Sciences: Alchemy, geology, microscopy and ecosystems are all topics I discuss in my artistic projects.
